## **Independent Reading**

CAS recommends all 6th grade students read about an hour a day to build their reading levels during this time at home. Online resources like EPIC, apps through the NY Public Library like SimplyE (free to get a library card *online*), & the CAS Virtual Library give students access to over 35,000 books. Students should check their ELA google classrooms for access to more information on these resources. Don't forget to log onto [www.hosted5.renlearn.com/17870](http://www.hosted5.renlearn.com/17870) to quiz on your books.

## **I-Ready**

I-ready is an important opportunity to stay ahead and receive individualized lessons. Students are still required to complete 90 minutes of I-ready lessons a week: 45 minutes of math, and 45 minutes of ELA. If students have difficulty logging in, please reach out to your Math & ELA teachers for support.
